Worship

Psalm 100

August 9, 2020

1. When was the last time you've felt joyful? What was it like? What caused it?

2. Read Exodus 14:28-31 which describes the events after the Israelites crossed the Red Sea. How did God's actions inspire them to worship? What similarities exist between the experiences of the Israelites and your experiences? How might these inspire worship?

3. The sermon differentiated between attitude and aim. Re-read verse 1,2, and 4. Why is this difference important and how might it appear in your own life?

4. Read verse 3. How is the knowledge of God connected to the knowledge of ourselves? Describe a time when learning more about God helped you to learn more about yourself.

5. The sermon described the importance of love fueled worship. Re-read verse 5. What does love-fueled worship look like in your life? What are some ways you could respond to God's love for you with?

6. True worship is Joy-filled, God-focused, and Love-fueled. Why is the connection between these three elements so important? How do they help us gain a proper perspective on worship?
