

# TO GO

---

1. In your prayer life, how much of your time is spent speaking to God, and how much is spent listening? What does each look like?
2. Share a time when you thought you heard God's voice, or someone you know claimed to have heard God's voice.
3. Review the four pitfalls to hearing God's voice. Which of the four pitfalls do you resonate with? What might you do to overcome that pitfall?
4. Review the three primary ways God speaks. Share a time when you've heard God speak through one of those means.
5. How do we test a message to be sure it's God's voice, and not another voice?
6. What will you do this week to improve your listening?
