Effective Parenting in a Defective World (Fireside Room)

Raising children is a tough challenge in today's world. Peers and pop culture exert a never-ending pressure on kids. Parents often feel helpless, as every godly principle you teach your children seems to be contradicted by the corrupt principles of this defective world. But the good news is, God has a plan for effectively raising your children and you can learn from it. Packed with practical advice, this series will give struggling parents a vision for their children's future and life-changing help for today.

Killin' It (Room 211)

PRIDE. It shuts us in from connecting with people in our sphere of influence and shuts God and others out from the relationships and effective interaction God intends for us to have in our lives. It keeps us from saying what needs to be said and hearing what needs to be heard. In this 3-part study, Andy Stanley teaches us how to kill it and instead live our lives to the glory of God and not for ourselves.
